

Washington State University

**Advance Notice
For
Design Build Services
Tri-Cities Academic Building
Richland, WA**

August 31, 2018

Washington State University, Facilities Services, will be issuing a Progressive Design-Build RFQ in September 2018 for the purposes of identifying Design/Build teams for the WSU Tri-Cities Academic Building Project. The rough project scope is to construct an approximately 40,000 gsf teaching lab and classroom building on the Tri-Cities Campus in Richland, WA. The estimated total budget for design and construction is approximately \$23.3M.

Complete information regarding this solicitation may be found, once the RFQ is advertised, at the following web site address: <http://facilitieservices.wsu.edu/consultants.aspx> . No further project information is available at this time.
